## Conference Evaluation

In June, the Executive Committee met in Coimbra, Portugal. We reviewed the Malmo Conference and your evaluations, taking particular note of suggestions for future development which we wish to incorporate into our next conference, 'Lifelong Learning and Active Citizenship', in Barcelona, May 2010.

We intend for the conference to be developed in the following ways:

- Workshop sessions will be timetabled in parallel with paper sessions to allow delegates to attend more than one workshop.
- We would like to incorporate a 'round table' plenary discussion (details of theme to be confirmed shortly) which would replace a keynote address.
- We also propose to include different types of sessions: for example, special-interest group discussions; opportunity to discuss research plans.
- We will continue to develop the poster session, allowing for an alternative way to present papers (which can be included in the Conference Proceedings).
- A 'Meet the Executive' session will also be included, which we feel will be particularly useful for new members/ delegates, but open to all.

There will be other changes, including some administrative processes and procedures which you will be informed about nearer the time of the conference.

Once again, thank you for such valuable feedback.

## NECE

### Newsletter and call for projects now out:

The NECE newsletter contains information about current professional debates in the field of citizenship education: [www.nece.eu](http://www.nece.eu).

## Working Group 2010-11

Strand 3 of our work programme has 'Major Issues in Identity and Citizenship Education' as its title and focus.

Each year we identify an issue and select a Working Group to report on this within a single year. This year a group focused on Informal Education and Human Rights; in 2009-10, focus is on Special Educational Needs.

For 2010-11, we are inviting members to propose a theme which picks up on a current issue. The Executive Committee will review suggestions and identify a theme at their January 2010 meeting. A call for Working Group members will be made via the Newsletter, shortly afterwards. The Working Group will start in October 2010 and run for 12 months.

Please send suggestions to us by 31 December 2009.
